prolong

A new cat has been chosen to be the next hero. I will send the prophesy.

The sky is darking rapidly silverflower kew that something is going to happen. As if magic a streak of light crossed the silverpelt. A vision of a cat with a star marking hit silverflower hard.the vision had said these words "the sharpest cold will bring the future from darkness" "but why" silverflower asked but the vision ingored her "We need to find this cat"

just an update

im working on a new story called Starlight galaxy: a change of fate and i'm really into it so i might not add anymore until thats done

so read that instead of waiting

chapter 1

"Hey icekit wake up" her sister frostkit said, it was morning. "mfff". icekit responded. You are soon going to be a apprentice aren't you excited. Just then the leader of winterclan called a meeting. "All cats old enough to catch there own prey gather beneath the highstone for a meeting. Today two kit have reached the age of apprenticeship. Icekit step forward from this moment on you will now be called icepaw. Dawnmist Pass down your loyalty and hunting skills down to this apprentice. Frostkit step forward from this moment on you will now be called frostpaw. Whitestripe pass down your fighting skills and knowledge to this apprentice. "ICEPAW FROSTPAW" the cats of winterclan chanted. They took the appreciates for a tour of the territory after all of the commotion. "This is the boarder with Willowclan make Sure to remember there scent" Dawnmist reminded the appreciates. Yeah I will definitely remember that stench" frostpaw snaked.
"And this here is the border with meadowclan."
Whitestripe said
"We have to go back to camp now because it's getting dark"
"Tomorrow we are going to do hunting practice"

Icepaw was excited to show her mentor her hunting crouch frostpaw is going to be there as well but as icepaw walked to the area she smelled meadowclan's scent she told Dawnmist that there is an enemy's scent deep in winterclan territory "we need to tell the clan leader what you found
